## APRIL 2024 - MUNDUM AG

### DEAR COMMUNITY,

We hope you all had a relaxing Easter and are enjoying the first warm days of the year. It's time for a new newsletter to update you on the latest developments at Mundum AG.

### STAKING - A HOT START

On April 4, 2024, an impressive 17.2 million tokens were staked on our platform - and this number continues to grow daily. The positive feedback from the community confirms that we are on the right track. Reach out if you need assistance. The team behind the Mundum project is being strengthened with new members.

### CHARITY AND REWARDS

Of the bonus tokens earned through staking, an impressive 10% have been donated to our charity wallets for those in need. As of April 4, we have already accumulated 34,522.14 tokens across all wallets. Just think of the tremendous potential that will develop in the coming years as the rewards from closed staking pools are distributed!

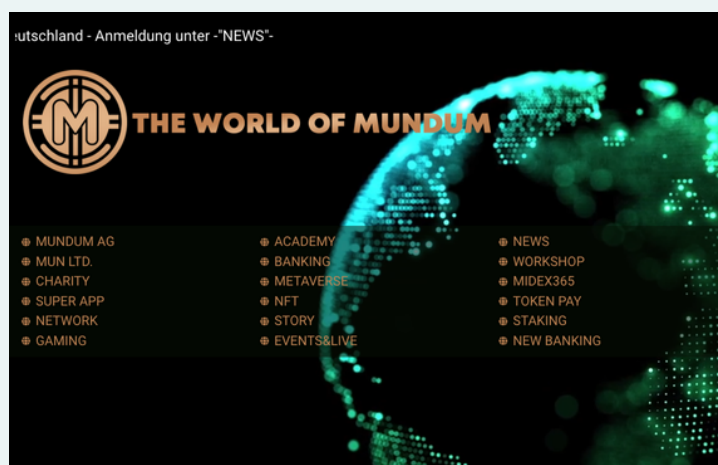

## GROWING COMMUNITY

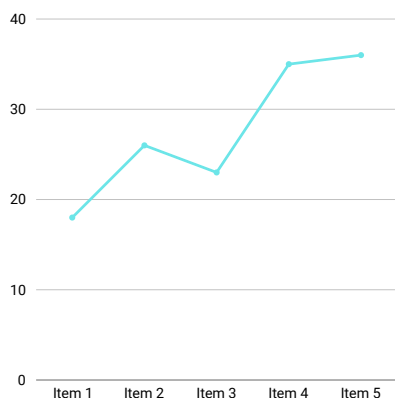

Starting in April, we are further opening our doors and welcoming new members to our community. Additionally, sales through the community are increasing and gaining momentum. We are delighted that more and more of you are selling tokens outside of the intra-decentralized exchange to give friends and acquaintances the opportunity to share in our success. In the intra-decentralized exchange, nearly 2.5 million tokens have been successfully acquired and traded over the past 2 months.

Over 90% of token holders either hold the tokens or stake them long term on the staking platform. This is a significant vote of confidence from the community and continues to propel our growth. A huge thank you to all of you. Overall, we want to emphasize that the success of our community is based on the cohesion and joint efforts of all members. It is inspiring to see how we are growing together and achieving our goals.

Visit our platform regularly to discover the latest features and guides on staking and wallet management. And of course, facts, facts, facts. At the end of May 2024, there will be an increase in the exchange rate to 1.35 CHF, and in the fall to 2.40 CHF. This, in turn, will boost the intra-decentralized exchange and drive prices there even higher.

Additionally, we regularly provide information on tax issues based on insights from our network and friendly lawyers. Please understand that these are only guidelines and do not claim to be legally complete and relevant. You should always consult your tax advisor, who ultimately bears responsibility for your taxation. Mundum AG assumes no liability.

## CRYPTOCURRENCIES

Acquiring Bitcoin is possible through our partner bank Volksbank Raiffeisenbank Bayern Mitte and is of great importance for making independent payments and transferring purchasing power into the future. Please contact us if you have any questions.

## FUTURE PLANS

In January 2025, a new staking pool with a duration of two years will be launched. Additionally, we can expect exciting new developments throughout the year that will reflect our ambitions in the exchange market.

## COMMUNICATION

We are available to answer personal questions and provide support. Please contact our headquarters directly for individual consultations rather than through the WhatsApp channel.

We look forward to the summer of 2024 and all that is yet to come. Believe in our community, and be convinced that progress is the only goal. We are proud that anyone who sticks with us will ultimately succeed.

The entire team at Mundum AG, led by Michael, Guido, Tobias, and Silke, along with all our dedicated team members, fully support the Mundum project. Together, we look forward to the exciting developments ahead.

We aim to establish personal contact with members of the Mundum community to explain improvements and new developments within the community through conversation. We would like to contact you by phone with our team over the next few weeks to discuss this with you.

Don't miss a single thing!
